STOP BY STOP

METRO'S ROUTE 44: MORE THAN A WAY TO GET TO WORK

The perfect place to shop, see a movie, grab a meal, or stroll through a gallery is only steps from a bus stop along the 44 Route. Connected by frequent runs—day and night—Route 44 draws Ballard, Wallingford, and the University District into a community all its own.

By developing a directory of businesses and services throughout this extended community, we can raise an awareness of—and might even spark curiosity about—the stops between the Ballard Locks and University Hospital.

You know what makes your neighborhood special. Tell us about your business, your favorite places, and your own discoveries along the 44 Route. These are secrets worth sharing!

Questions? Suggestions? Stories?
